

# Blue Ridge Grotto Auction - Carl Cornett's Caving Gear

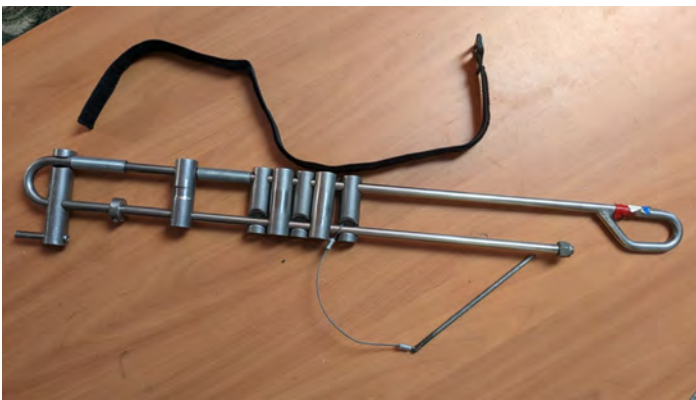

The caving gear presented here is for a Blue Ridge Grotto Auction. Gear is to be sold as is. Original price for some of the gear is included along with a suggested starting bid. Any bids will be accepted, but BRG reserves the right to say a bid is not enough ( \$1.00 for a \$100 piece if gear is just not enough!). All proceeds will go to the Blue Ridge Grotto of the NSS.

The Auction is open to anyone, including BRG members. The auction starts on September 19 and will end on October 31. Make your bids via email to [sockydr@cox.net](mailto:sockydr@cox.net). When bidding, please indicate the description plus the "Item Number" so there are no issues on what is being bid.

There are three vertical rigs which are presented as a set, plus there are some items which contain multiple products. If someone wishes to bid on separate pieces, that is ok. However, those who bid on the set will override bids for individual parts. Most gear is lightly used, but the condition will be noted below with the photos.

If gear needs to be mailed, the purchaser will be responsible for postage costs. Payment can be made my cash, check, or PayPal.

Contact Dave Socky for any questions [sockydr@cox.net](mailto:sockydr@cox.net).

**Item #S1: El Cap long Rack, loaded.** Excellent condition  
New: \$300.00. Suggested start: \$150.00
